

Viusid

1L or 5L

Liquid complementary feed, rich in antioxidants to support horses and ponies during periods of stress.

Description

A high-quality supplement designed to support immune health, Viusid is enriched with antioxidants and essential nutrients that protect against oxidative stress and support resilience during periods of high demand. This powerful formula is ideal for horses needing additional immune support or recovery assistance, making it a valuable addition to the ARKequine range.

How does it work?

Antioxidants play a crucial role in reducing oxidative stress by neutralising free radicals, which are unstable molecules that can damage cells, proteins, lipids and DNA. Free radicals are naturally produced during the metabolic processes like energy production, but their levels can increase due to external factors like pollution or toxins and internal factors like excessive stress.

Viusid Equine has a unique combination of antioxidants that work synergistically to help stabilise free radicals and in doing so, help to minimise the harmful effects of free radicals. This balance helps protect the body from inflammation, which if unresolved can lead to a wide range of diseases.

Composition:

A mixture of vitamins, trace elements, amino acids and glucosamine in distilled water.

Analytical constituents:

Moisture 91.6%, Crude Protein 5.7%, Crude Fat 0.1%, Crude Fibre 0.4%, Crude Ash 1.63%.

Instructions for proper use:

Viusid can be added to feed ration or administered by syringe directly into the mouth.

Additives per litre:

Technological additives

DL-Malic acid (1a296) 92,000mg
Sodium benzoate (1k301) 2,000mg
Potassium sorbate (1k202) 2,000mg

Nutritional additives

L-Arginine (3c361) 83,000mg
Vitamin C (3a300) 23,000mg
Vitamin B6 (3a831) 4,500mg
Vitamin B12 (3a835) 10mg
Folic acid (3a316) 1,000mg
Calcium-D pantothenate(3a841) 2,300mg
Zinc (Sulphate monohydrate) (3b605) 230mg

Sensory additives

Glycine (2b17034) 47,000mg
Glycyrrhizic acid ammoniated (2b16060) 4,600mg
